- Provide accurate information regarding academic options, policies, requirements, and procedures
- Assist students in defining, developing, and reaching your academic goals
- Enhance students' graduate school academic experience

For answers to common advising questions, see our [MSI Advising FAQ](#).

Our advising staff is here to help you whenever you need it.

## Staff advising for MSI students

- Provide students with guidance on course options and academic planning, as well as academic requirements, policies, and procedures
- Conduct graduation audits
- Provide support and referral to campus services for a wide range of issues and concerns
